## 53. **Burton and Jonathan Resnick** (55)

*CEO and President, Jack Resnick & Sons*

Resnick & Sons stands out as a leader in the sustainable retrofitting of buildings, and the company put their skills to work following the devastation wrought by Hurricane Sandy at 199 Water Street. The firm reopened the heavily damaged building less than six weeks after the storm filled its basement with eight million gallons of seawater. Critical infrastructure was moved, the electrical system was replaced and the firm created a new lobby with energy-efficient LED lighting, creating a blueprint for other buildings affected by the storm. The company owns more than a dozen buildings across Midtown, Midtown South and Downtown. Among them are 110 East 59th Street, 880 Third Avenue, 485 Madison Avenue, 1755 Broadway and 315 Hudson Street.
